Default Settings of ASR-A23D

ASR-A23D is shipped with the settings stated in the table below.

In this manual, the default parameter of each item is marked with an asterisk (*).

Item	Default	Page
Factory Default	-	P.1
Vibration	Vibration On	P.2
Sleep Mode	Sleep Mode On	P.3
Beep After Scan	Beep After Scan On	P.4
Battery Gauge LED	Battery Gauge LED On	P.5
Power On Beep	Power On Beep On	P.6
Aimer After Scan	Aimer After Scan On	P.7
Inter-Character Delay	5ms delay	P.8~P.9

1. Factory Default

   Scan the code below to restore the factory settings.

Factory Default
@FCTDFT

2. Vibration："@VIBONX"

Scan the appropriate code below to set whether to vibrate when scanning a b

arcode.

Vibration Off	Vibration On＊
@VIBON0	@VIBON1

Current Value?	
@VIBON?	

3. Sleep Mode: "@SLMONX"

Scan the appropriate code below to set whether to apply sleep mode to ASR -A23D.

Sleep Mode Off	Sleep Mode On＊
@SLMON0	@SLMON1

Current Value?	
@SLMON?	

4. Beep After Scan: "@BASONX"

   Scan the appropriate code below to set whether to beep when scanning a bar code.

Beep After Scan Off	Beep After Scan On＊
@BASON0	@BASON1

Current Value?	
@BASON?	

5. Battery Gauge LED: "@BGLONX"

Scan the appropriate code below to enable or disable the battery gauge LED (Battery level indicator) on the back of ASR-A23D.

Battery Gauge LED Off	Battery Gauge LED On ＊
@BGLON0	@BGLON1

Current Value?	
@BGLON?	

6. Power On Beep: "@POBONX"

Scan the appropriate code below to set whether to beep when ASR-A23D is powered on.

Power On Beep Off	Power On Beep On＊
@POBON0	@POBON1

Current Value?	
@POBON?	

7. Aimer After Scan: "@AASONX"

Scan the appropriate code below to set whether the aiming light keeps ON after scanning a barcode.

Aimer After Scan Off	Aimer After Scan On∗
@AASON0	@AASON1

Current Value?	
@AASON?	

8. Inter-Character Delay : "@ICDSVX"

Scan the appropriate code below to set the display interval time between cha racters of the barcode data.

5ms delay＊	10ms delay
@ICDSV1	@ICDSV2

15ms delay	20ms delay
@ICDSV3	@ICDSV4

25ms delay	35ms delay
@ICDSV5	@ICDSV7

50ms delay	Current Value?
@ICDSVA	@ICDSVA?
